

WKHD3000

> Robust and reliable static compactors for large amounts of commercial waste.

Optional Extras

Dual Cylanders, Telemetry Pack,
Guide Rails, Bins & Faster Cycle Time

This reliable and robust machine is ideally suited for very large commercial or industrial waste processing. The WKHD comes standard with high safety features including low 24v operating controls, dual safety monitoring circuits and it can be customised with bin lifts or hoppers for easy feed.

Key Features

- Range of loading hoppers available including bespoke systems.
- An optional auto-start function.
- Stress engineered body.
- Multiple material processing.
- Automatic pin off.
- 3/4 and full light.
- Conforms to EN16500.
- Manufactured in Britain.

Machine Dimensions

Width	3250mm
Depth	1750mm
Height without hopper	1230mm
Loading Aperture	1500mm (W) x 1250mm (D) x 850mm (H)

Benefits

- Reduced transport costs.
- Tidy and safer premises.
- Very large loading aperture.
- Saving on additional handling and labour.
- Driving on-site compliance.

Technical Data

Press Force	36 tonne
Cycle Time	45 seconds
Driving Power	11kw
Machine Weight	3000kg
Voltage	3 phase, 400v, 50Hz
Power Supply	32amp, Type D, Three Phase, Red Commando Socket

The details and specifications provided above are for guide purposes only, and are subject to change dependant on machine, customer, and site requirements.
